

## Derby & District Stamp and Deliver Scheme

### Unused Stamp Buy Back Scheme

It is recognised that some of our customers will have bought stamps in prior years knowing that S&D has historically accepted them as valid in later years. Now that the Scheme has ceased the committee are offering to buy back stamps as a gesture of good will until 16th December 2020. The following conditions apply. A handling charge of £1 per claim will be made, so a minimum of 4 stamps will be accepted. A maximum of 50 stamps applies. Stamps need to have been previously purchased, be unused with their original backing paper and largely intact.

Please print a copy of this form, add your name and a postal address to which a cheque can be posted back to you.
